Amber Leaders meeting Update

Community Summit update

Allies in Advocacy Report

Rally Planning Committee update

Nothing about us without us coalition update

Community Updates / Agenda building

Getting Healthy with Sandy

The May 2023 SAIL meeting started with Welcomes and Introductions followed by a reading of the April SAIL meeting minutes by Tracy.

Guest Speaker: David Lord and Sunshine Cheng came to discuss the Nothing About US Without US bill. The bill got all the way through all the hearing processes, but it did not get to the Senate for votes. We worked hard in the House, but we need to work on getting the bill familiar with the Senate. That is what we will be working on next year. There is going to be a discussion about the Nothing About US Without US at the Community Summit. Brian Dahl from the DD Counsel also came to discuss options for SAIL to become a 501C3.

Close RHCs Committee/Shut Them Down Coalition: Close the RHCs have not met. Shut Them Down Coalition has new leaders.

Rapid Response Team: There has not been a RRT meeting.

Community Summit Update: We have not met while we are getting ready for the event. If you do not have your scholarship yet to attend the Community Summit, get one soon so you can go. We are less than a month away, it is approaching quickly.

Rally Planning Committee: The last meeting was just to discuss how well the last Rally went. We have not had a meeting yet to discuss or plan the next rally.

Nothing About US Without US Coalition: Ideas for an email campaign to promote Nothing About Us Without Us are wanted. Any members who want to participate are welcome and needed.

Community Updates/Agenda Building. There is not a meeting in June due to taking the month off for the Community Summit. Guest speaker from DSHS to discuss caregiving issues could not make it to the May meeting, hopefully they can attend in July. We will add the Governor's Office update back on the agenda.

Getting Healthy with Sandy: Today's discussion is about the staff of life. The staff of life refers to grains that are used to make things such as bread. Some flour removes the whole grains so check your labels.
